

Ain't Messin 'Round

Gary Clark Jr.

I don't believe in competition
Ain't nobody else like me around
I don't need your inquisition
It ain't that hard to figure it out

Give it up now
Play it cool
Give it up now
Play it cool
All the rules that you use and abuse and
No illusion can take this confusion
Give it up now
Don't let me down

Don't think too much of my disposition
You already know what's goin' down
Don't want to be your exhibition, no
I don't want nobody hangin' around

Give it up now
Play it cool
Give it up now
Play it cool
All the rules that you use and abuse and
No illusion can take this confusion
Give it up now
Don't let me down

Give it up now
Play it cool
Give it up yeah
Play it cool
All the rules that you use and abuse and
No illusion can take this confusion
Give it up now
Don't let me down

Play it cool
Play it cool
Play it cool
Play it cool

Give it up
Give it up
Give it up now
