

I Would If I Could But I Can't

Gary Glitter

Momma tries to put me down, Poppa's so annoyed
Every night the girl come around and try to spread a little joy
I wanna be a bad bad boy
I would if I would I could if I could, I would be good
Climbing through the backrom door, sneaking down the hall
Hiding on the bedroom floor, I think I'm gonna have a ball, yea
h
I'm only human after all
Mary Jane, my highschool queen, raises eyes of blue
Lindy Lou sweet seventeen, I try to keep her coming through
Oh, what's a growing boy to do
I would if I would I could if I could, I would be good
Candy bars can be so nice, when you're nine years old
Now I want my apple pies for someone I can have and hold
Wanna lose my selfcontrol
Lose my, ugh, I wanna lose my self control, Honey
Momma tries to put me down...
