

# Remember Me This Way

Gary Glitter

I can't conceal  
The way I feel  
It's time for me to go

Don't ask me why  
Don't even try  
To stop me as I go

I'll be back somewhere, someway  
Don't feel alone  
One fine day  
You'll heard me say  
"Darlin' I'm home"

I will love you all my life  
Just one thing I pray  
When you dream of me each night  
Remember me this way

A tear that falls  
A voice that calls  
Is all I've left to you

A last goodbye  
The tears I cry  
I dedicate to you

I'll just go on missing you  
So, until then  
I'll just dream of kissing you  
Again and again

I will love you all my life  
Just one thing I pray  
When you dream of me each night  
Remember me this way

I will love you all my life  
Just one thing I pray  
In the stillness of the night  
Remember me this way
