

Girls In Love

Gary Lewis & The Playboys

Speaking of all those girls in love
With a guy in their eye, they're lookin so adorable
Gee, I want one for me

Since the worlds made of all those girls in love
It's a factuality one is bound to fall in love with me one day

You gotta live each day with this logical philosophy
Come with me shell come in time
Cause I found out that love is not supposed to be mine
Till I find her & I'll find her

If I fall in love & the girls in love
Then I wait for the day when I say that I'm thinkin I do
If the girls in love too
