

# Ain't Nobody

Gary Moore

Look around, you play the field.  
Do you know the difference from what's real?  
You keep on runnin', fast as you can.  
All you're gonna get's another man.

Because ain't nobody gonna love you like the way I do.  
Ain't nobody gonna love you all the whole night through.

You keep on tryin', do what you can,  
Try to find yourself another man.  
Some other time, another place,  
Thought you'd know I just can't be replaced.

Because ain't nobody gonna love you like the way I do.  
Ain't nobody gonna love you all the whole night through.

Ain't nobody gonna love you like the way I do.  
Ain't nobody gonna love you all the whole night through.

Person to person, woman to man,  
Please can you tell me so I'll understand?

Look around, play the field.  
Do you know the difference from what's real?  
Keep on runnin', fast as you can.  
Try to find yourself another man.

But ain't nobody gonna love you like the way I do.  
Ain't nobody gonna love you all the whole night through.

Listen, I said,  
Ain't nobody, ain't nobody,  
Ain't nobody, ain't nobody,  
Ain't nobody, ain't nobody,  
Ain't nobody, ain't nobody.
