

Checkin' Up on My Baby

Gary Moore

Yeah

I'm checking on my baby
Find out what she's puttin' down
I'm checking on my baby
Find out what she's puttin' down
So many nights and days,
Well, I've been out of town

I won't even call
I won't even write
I won't even call
I won't even write
Well, I caught me a plane,
Flew back that same night

Aah

Checking on my baby
Find out what she's puttin' down
Checking on my baby
Find out what she's puttin' down
So many nights and days,
Well, I've been out of town

I won't even call
I won't even write
I won't even call
I won't even write
Well, I caught me a plane,
Flew back that same night.
