

## Cold Cold Feeling

Gary Moore

I've got a cold, cold feelin; It's just like ice around  
my heart.

I've got a cold, cold feelin; It's just like ice around  
my heart.

I know I'm gonna' quit somebody, every time that,  
feelin'starts.

You treat my like a prisoner, because my hands are tied.  
Everything you do to me, is stackin' up inside.

It's a cold, cold feelin' Yea, You're just like ice  
around my heart.

I know I'm gonna' quit somebody, every time that,  
feelin'starts.

There's a change in me baby, once I was blind but now I  
can see.

There's a change in me baby, once I was blind but now I  
can see.

I'm gonna' put everybody down baby,  
That ever made a fool outta me.
