

# Take a Little Time

Gary Moore

I know the reason  
You turn your back  
On things that you don't wanna hear  
I know this feelin'  
I get from you  
When you try to act so sincere

But I don't know  
What's making you behave this way  
I'm gonna go  
You never hear a word I say  
You better learn to

Take a little time  
To show me that you care for me  
Take a little time  
To show me you're still there for me

I know the danger  
You're holding all the cards  
Because you think I'll wait  
You're like a stranger  
You better show your hand  
Before it gets too late

But I don't know  
What's making you behave this way  
I'm gonna go  
I might as well just walk away  
If you don't learn to

Take a little time  
To show me that you care for me  
You gotta take a little time  
To show me you're still there for me  
You better take a little time  
To show me what's been going on  
It's been like this for much too long  
Take a little time

Don't hand me all these lines  
My eyes are open wide now  
Don't give me all your lies  
I'm gettin' much too wise for you  
Take a little time

But I don't know  
What's making you behave this way  
You never hear a word I say  
I might as well just walk away  
If you don't learn to

Take a little time  
To show me that you care for me  
You better take a little time  
To show me you're still there for me  
You gotta take a little time

To show me what's been going on  
It's been like this for much too long  
Take a little time

You gotta take a little time  
I'm tellin' you  
You gotta take a little

Take a little time  
Take a little time  
Take a little  
Take a little time

You gotta take a little  
Take a little  
You gotta take a little  
Take a little time

I'm tellin' you  
Take a little  
Take a little time

Take a little  
Take a little time
