Torn Inside

Gary Moore

Have you sit and wonder, what in the world went wrong?
Have you sit and wonder, wonder why it all went wrong?
When you try to find a reason, why oh blues has it gone?

Now every man feel misery, sometimes they wish they had never b
orn
Every man feel misery, You know sometimes they wish they'd neve
r born
Specially when their hearts been broken, and their love inside
is torn

Did you ever sit and wonder, wonder where it all went wrong?
Did you ever sit and wonder people, wonder where it all went wr
ong?
Can you ask yourself this question, where have all the good tim
es gone?
