

You Kissed Me Sweetly

Gary Moore

Wild in the street
with the wind at my back.
Dead, dead on my feet,
but I've just got to make tracks
straight, straight through your door.
'Cause your love's got me trapped.
Yes, your love's got me trapped.

(You kissed me sweetly.)
Turn the lights down low. (you kissed me sweetly)
(You kissed me sweetly.)
Made me lose control. (you kissed me sweetly)
(You kissed me sweetly.)
Melt my heart like snow. (you kissed me sweetly)
Standing in your flame,
I'll never be the same.

Under your spell
I don't want to break free.
In your arms I can tell,
that your love hold's the key.
The first time we kissed,
you left me paralysed.
That's when I realized.

(You kissed me sweetly.)
Turn the lights down low. (you kissed me sweetly)
(You kissed me sweetly.)
Made me lose control. (you kissed me sweetly)
(You kissed me sweetly.)
Melt my heart like snow. (you kissed me sweetly)
Standing in your flame,
I'll never be the same.

(You kissed me sweetly.)
Turn the lights down low. (you kissed me sweetly)
(You kissed me sweetly.)
Made me lose control. (you kissed me sweetly)
(You kissed me sweetly.)
Melt my heart like snow. (you kissed me sweetly)

(You kissed me sweetly.)
Turn the lights, turn the lights down low. (you kissed me sweetly)
(You kissed me sweetly.)
You made me lose control. (you kissed me sweetly)
(You kissed me sweetly.)
Melt my heart, melt my heart, melt my heart like snow. (you kissed me sweetly)
y)
(You kissed me sweetly.)
I'll never be the same. (you kissed me sweetly)

(You kissed me sweetly.)
I'll never be the same. (you kissed me sweetly)
(You kissed me sweetly.)
Darlin' I feel your flame, feel your flame, (you kissed me sweetly)
feel your flame, yeah.

Oh, oh no.
