

You

Gary Moore

Sometimes when I look around
At people who are lonely
I feel a sense of sadness deep inside
It makes me wonder how I got along
Before I found you
And what I'd do if you should turn around
And say goodbye

'Cause baby you
You're what I'm living for
I couldn't have asked for more
Right from the moment that I found you
I knew that you
You were the one for me
The one who could make me see
This world could be a brighter place

Sometimes when I think about
The friends I left behind me
I feel a sense of sadness deep inside
It makes me wonder how I knew
That one day you would find me
And what I'd do if you should turn around
And say goodbye

'Cause baby you
You're what I'm living for
I couldn't have asked for more
Right from the moment that I found you
I knew that you
You were my brightest star
And whether you're close or far
You're always here inside my heart

'Cause baby you
You're what I'm living for
I couldn't have asked for more
Right from the moment that I found you
I knew that you

You were my brightest star
(You were my brightest star)
And whether you're close or far
You're always here inside my heart

Yes, baby you
You're what I'm living for
I couldn't have asked for more
Right from the moment that I found you
I knew that you

You were the one for me
(You were the one for me)
The one who could make me see
This world could be a brighter
This world could be a brighter
With you this world's a brighter place
