

I, Assassin

Gary Numan

We are assassins
We are not evil
We act with reason and heart
Your heart

We are not vicious
Is that surprising?
We're so much larger than life

I, Assassin, I am
I, Assassin, I am

"I just arrived
Something to fix
This new depression"

We are not hunters
We are just patient
We'll wait a lifetime for you
Just you

I've never felt good
I've never felt bad
I've never felt much at all

I, Assassin, I am
I, Assassin, I am

"There's nothing personal
Just read the papers
That's real"
