

# One Perfect Lie

Gary Numan

One. One perfect lie.  
Was it told too soon?  
And one, one perfect life  
Turned to stone.  
Cold mercy.

I kneel down by your grave  
I kneel down torn and guilty

Did I let you down,  
Say goodbye too soon?  
And did you understand  
My mistake?  
Forgive me.

I kneel down by your side  
I kneel down scared and helpless

One perfect lie  
Wrapped in kindness and tears  
I wish I believed in your Heaven  
One perfect life  
Led by blind faith and trust  
If God has a heart He will find you

I'm torn and guilty
