Remember I Was Vapour

Gary Numan

```
Theres nothing here but us
Theres nothing here but us
Remember, I was vapour
Remember, I was just like you
Remember, I was liquid
Remember, I was someone too
Remember, I need others
Remember, I need oxygen
Remember, I need lovers
Remember, I need to forget
Remember, I am human
Remember, I feel just like you
Remember, I had reasons
Remember, I had friends like you
Remember, I grow tired
Remember, I could end all this
Remember, I have memories
Remember, I need to forget
```
