

# Lean On Me

Gary Valenciano

Sometimes in our lives  
We all have pain and we've got some sorrows  
But if we are wise  
We know that there's, there's always a tomorrow  
Lean on me when you're not strong  
And I'll be your friend, and I'll help you carry on  
For it won't be long  
'Til I'm gonna need somebody to lean on  
Please, swallow your pride  
If I have some things that you need to borrow  
For no one can fill all of your needs, yeah  
That you won't let show  
Lean on me when you're not strong  
I'll be your friend, I'll help you carry on  
For it won't be long  
'Til I'm gonna need somebody to lean on  
You just call on me, brother, when you need a hand  
We all need somebody to lean on  
You just call on me, brother, when you need a hand  
We all need somebody to lean on  
Now if you need somebody, somebody to hold now  
If you need somebody to take you out of the cold  
If you need a brother, a promise of the one who says he'll never leave you, no no  
Now if you need somebody, somebody to hold now  
If you need somebody to take you out of the cold now  
If you need a brother, a promise of the one who says he'll never leave you, no no  
Now if you need somebody, somebody to hold now  
If you need somebody to take you out of the cold now  
If you need a brother, a promise of the one who says he'll never leave you, no no  
Lean on me when you're not strong  
'Cause I'll be your friend, I'll help you carry on  
For it won't be long  
I'm gonna wait 'til ya  
You know I'm gonna be right here  
I'm gonna be waiting for you  
Don't be afraid to lean, to lean, child  
I'm gonna be waiting  
Come on, lean on me
