Reachin' out

Gary Valenciano

What must I do to make you understand? You mean everything to me Don't have the strength to say Give this heart of mine a chance And maybe then you will see

And I'll do anything, do anything that you tell me And I'll be there, I'll be there if you need me

Reachin' out to you Do you feel it too? Loving you is all I wanna do I'm completely sure I've never felt this way before When I smile you know that there is something more

What must I do so I can make you see? The light that shines in my eyes You brighten up my day You even help me find my way I wish you're always by my side

And I can't stop, don't know how to stop thinkin' of you And I'll do anything, do anything to be near, near you

Reachin' out to you Do you feel it too? Loving you is all I wanna do I'm completely sure I've never felt this way before Deep inside you know that there is something more

Reachin' out to you Do you feel it too? Loving you is all I wanna do I'm completely sure I've never felt this way before Deep inside you know that there is something more Deep inside you know that there is something more
