

# When I Hear You Call

Gary Valenciano

When I  
Look into those bright eyes  
So young  
Always so ready to run  
Then I  
See your change when fun subsides  
And new colors start to arise  
There's a hidden picture  
That wasn't seen outside

When you run, don't tire  
Keep on reaching, higher  
Even when the pain and trouble bring you down, sometimes  
I will see you through  
I'm forever right here with you  
Even when you feel you don't need me around

I will be your friend, forever  
I will be your one, big brother  
Even when I see you fall  
I will be your father  
When I hear you call

Don't cry  
This is not the end, nor goodbye  
But begin  
To know I'm with you 'til the end  
And when you pray  
I will hear every word you say  
And so with all my promises made  
For one like you  
Someone who's especially made

When you run, don't tire  
Keep on reaching, higher  
Even if the pain and trouble bring you down, sometimes  
I will see you through  
I'm forever right here with you  
Even if you feel you don't need me around

I will be your friend, forever  
I will be your one, big brother  
Even when I see you fall  
I will be your father  
Yeah

I will be your friend, forever  
I will be your big brother  
Even when I see you fall  
I will be your father  
Yeah

I will be your friend, forever  
I will be your big brother  
Even when I see you fall  
I will be your father  
Be your friend, your brother

When I hear you call  
Lift you when you fall  
When I hear you call
