

# Cheated on Me

Gavin DeGraw

I'm love-sick somewhere tonight  
I'm love-sick somewhere tonight  
I don't need writing on the wall  
I've felt it for so long  
Am I even on your mind  
Or are you now in...

Someone else's eyes  
Someone else's arms  
Someone else's obvious moves  
I'm a jealous guy  
I hear people talk  
And it isn't hard to believe  
I think you cheated on me

I've been this love-sick before  
I've felt just like this before  
There was another just like you  
I loved her for so long  
But I had poison on my mind  
And I drove her into...

Someone else's eyes  
Someone else's arms  
Someone else's obvious moves  
I'm a jealous guy  
I hear people talk  
And it isn't hard to believe  
I think she cheated on me

I said I've had this sense before  
But I left an open door  
For this to walk into my life  
And maybe I suspect too much  
But it's just hard for me to trust  
When I'm all wound up inside  
I just drive you off and into...

Someone else's eyes  
Someone else's arms  
Someone else's obvious moves

I'm a jealous guy  
I hear people talk  
And it isn't hard to believe  
I was never easy to please  
And I think you cheated on me
