

# Who's Gonna Save Us

Gavin DeGraw

I know you got a wild side,  
That I don't wanna hold back  
And everyone I ever had,  
Was just the means to an end  
Now we're standing at the edge,  
We've never been here before  
So are we gonna give in?  
What happens if we fall?

Who's gonna save,  
Who's gonna save us tonight, tonight?  
Who's gonna save,  
Who's gonna save us tonight, tonight?  
We've been way too cool for this  
But it's just too strong to fight  
So tell me who's gonna save,  
Who's gonna save us tonight?

Politics and presidents-  
It's like they're building a wall.  
I got my own line of defense,  
Somehow you broke through it all.  
At the bottom of an empty bottle,  
Is where the truth starts to spill.  
Don't wanna wake up with regret,  
From this feeling we can't kill.

Who's gonna save,  
Who's gonna save us tonight, tonight?  
Who's gonna save,  
Who's gonna save us tonight, tonight?  
We've been way too cool for this  
But it's just too strong to fight  
So tell me who's gonna save,  
Who's gonna save us tonight?

See and believe  
You're making me breathe deeper than the ocean  
Beside us, who can we call?  
We're risking what we have  
For something more, don't wanna lose it all

Who's gonna save,  
Who's gonna save us tonight, tonight?  
Who's gonna save,  
Who's gonna save us tonight, tonight?  
We've been way too cool for this.  
Were these words too strong to fight?  
Should we stop, should we wait before it's too late?  
Should we stop, should we wait before it's too late?  
Tell me who's gonna save,  
Who's gonna save us tonight?
