

# You Got Me

Gavin DeGraw

When the fear takes you down  
When the doubt takes you under  
When you sink like a stone  
And you can't breathe  
When the tears take control  
When the demons take over  
Won't be in this alone  
You got me

Oooooooooo  
Oooooooooo yeah  
Oooooooooo  
You got me

When the walls all cave in  
When the nights all get colder  
When you hang by a thread  
of sanity  
Rest your head on my heart  
Hang your pain on my shoulders  
Make your way to my arms  
Cause you got me

Oooooooooo  
Oooooooooo yeah  
Oooooooooo  
You got me

I'll be the one to lead you home  
I'll be the one to keep you warm  
I'll take you in out of the storm  
When you can't stand I'll stand up for you

When the fear takes you down  
When the doubt takes you under  
You're not in this alone  
You got me

Oooooooooo  
Oooooooooo yeah  
Oooooooooo  
You got me

I'll be the one to lead you home  
I'll be the one to keep you warm  
I'll take you in out of the storm  
When you can't stand I'll stand up for you
