

# The Skin I'm In

Gavin Rossdale

There may be rocks in the water but still the river flows  
When the sea gets so rough you bring it all back home  
You give me reason to beat it, reason to make it through  
There's beauty in all kinds of danger but none so beautiful as you

I will make you come again  
To the house on the hill where we first began  
And this is the skin I'm in  
This is the skin I'm in

There may be permanent detractors, some I used to know  
There may be eminent danger, road blocks and avalanche snow  
You give me reason to be better, you give something new  
You give hope and you give yourself what more can you do, yeah

I will make you come again  
To the house on the hill where we first began  
And this is the skin I'm in  
(This is the skin, this is the skin, this is the skin)  
This is the skin I'm in

Morning still loves you automatic  
Carries you away further, further down

I will make you come again  
To the house on the hill where we first began  
I won't see you again, woman I'm already missing you  
We have everything to lose

And this is the skin I'm in  
(This is the skin, this is the skin, this is the skin)  
This is the skin I'm in

This is the skin I'm in  
(This is the skin)  
This is the skin I'm in  
(This is the skin)  
This is the skin I'm in  
(This is the skin)

Morning still loves you automatic

This is the skin I'm in  
(This is the skin)  
This is the skin I'm in  
(This is the skin)  
This is the skin that I'm in
