

Sunshine burning, feel it hurting,

Mother can you heal me please, take the pain away.

Radiation, feel it aching,

I'm so far away from who I am and it's killing me inside,

Inside.

U, V, A, it's getting stronger every...

Day by day.

Blinded by the white lie, running for your life.

So kill tomorrow, kill tomorrow, oooh.

So far away from who I am and it's killing me inside,

Inside.

U, V, A, it's getting cooler every...

Day by day.

Blinded by the white lie, running for your life.

So kill tomorrow, kill tomorrow, oooh.

U, V, A, it's getting cooler every...

Day by day.

Blinded by the white lie, running for your life.

So kill tomorrow, kill tomorrow.
