

The Truth Weighs Nothing

Gaza

It sure was nice of Jesus to take time away from ignoring
Ethnic cleansing genocide and famine bloated children.
Or regrowing limbs for landmine victims
To help you score that touchdown
To help you find your keys
To help you land that promotion.
Is it that he can't? Or is that he won't?
Wake up. Wake the f**k up.
The truth weighs nothing. Travel light. Be unburdened.
