

I Want To Believe

GBH

At the bottom of a deep dark lake
I drove back to yesteryear
Sometimes seen and sometimes not
I believe theres a lochness monster

What a wicked web we weave
when governments decieve
and i wanna believe.....
I gotta believe

In the middle of a deep dark night
Light years away from neon
Unexplained sightings in the sky
I believe there are aliens

What a wicked web we weave
when governments decieve
and i wanna believe.....
I gotta believe
Conspiracy theroy abound
but the truth is under ground,
I wanna believe I wanna believe
I gotta believe

In a clearing in a deep dark wood
In a cave thats lined with moss
Lives a thing half man half beast
I believe theres a bigfoot sasquatch

What a wicked web we weave
when governments decieve
and i wanna believe.....
I gotta believe
Conspiracy theroy abound
but the truth is under ground,
I wanna believe I wanna believe
I gotta believe
