

# Junkies

GBH

Junkies all around you,  
junkies everywhere.  
Junkies on the corner,  
Junkies in your head.

Look around fast enough,  
you might see one in you.  
Look around fast enough ..

Up with all the madness,  
but we do it automatic.  
With the bullhsit that they taught you,  
it's a wonder how you got through it.
