

## Too Much

GBH

Well I've got a real hot feelin',  
in this real cold world.  
I'm in love, with a humongous girl.  
She sleeps all day in a ruined church,  
night time comes, she's got me in her lurch.

Still air explosions with her silent touch,  
oh, oh, I want her too much.  
Too much (ah I want her too much),  
too much - humongous.

She's got an evil eye and a wicked streak.  
And when she kisses me, you bet my knees turn weak.  
She'll eat you up and spit out your bones,  
don't look far 'cos I'll be gone.
