

3D Romeo

Gemini

Shape of my heart
Piece it together
Then pull it back apart
Under my skin
I'll let your love in

Killer in bed
No more redemption
You got inside of my head
Put down my arms
You can do no harm

My 3D Romeo
We're gonna play them hard
Until they start to fall

One love in digital
We're gonna blow it up

Just like the video
We're gonna take em down
So we can have it all
My 3D Romeo

Love you to death
I'd jump off the edge
And do it with no regrets
All that I need
You should be with me

You are the one
Make me your queen
And love me till kingdom come
Put down your arms
You can do no harm
