

Gotta Low

Gemma Hayes

Low, gotta low, gotta low feeling
Bring it on a slow,
bring it on a slow burning

Your love is so hard to please
Your love is so hard to leave

This is so hard to do
Everybody wants to take a look at you, my baby
This is so hard to do
Everybody wants to take a look at you, my baby
You're my baby

Low, gotta low, gotta low feeling
Bring it on a slow, bringin on a slow burning

Your love is so hard to please
Your love is so hard to leave

This is so hard to do
Everybody wants to take a look at you, my baby
This is so hard to do
Everybody wants to take a look at you, my baby
My baby

Low, gotta low, gotta low feeling
Low, gotta low, gotta low feeling
