My God

Gemma Hayes

My God Hope you're on call 'Cause I maybe in danger of crashing before I get to fall Let's cry boy While neighbours have their backs turned I'm having trouble believing anything you say Keep the car running outside You go and make up your mind You're staying her running wild with me You know I could still love you, yeah My God Looks like I'm going it alone Can't wipe the tears away fast enough Now I can't see the road Got a boot full of dreams And a pocket full of reasons not to stay Got a cross of Jesus around my neck Hoping he'll help me find my way So afraid of losing Now I'm scared of what I've won So afraid of leaving Now I don't think I can return, yeah And all along there was a need for change And so I thought I better leave this place When all I had to do was change my mind All I had to do was change my mind My God Is it alright if I turn right back around? 'Cause I reckon I fly highest When my feet are planted On the ground
