

# No Longer A Sweetheart Of Mine

Gene Clark

We are saying goodbye dear forever  
I'm leaving your false love behind  
Every promise that you made has been broken  
You're no longer a sweetheart of mine

I wanted someone true and faithful  
For that's the way it had to be  
You wanted your honky tonk love dear  
You're no longer a sweetheart to me

Go back to the bar down the street dear  
And stay with your honky tonk kind  
Go back to the life you've been livin'  
You're no longer a sweetheart of mine

From a bottle to a ride in the moonlight  
And the arms of the first man you see  
Another victim added to your list dear  
You're no longer a sweetheart to me

I'll never pretend to be happy  
Until a true love I will find  
For you lived the lie from the start dear  
You're no longer a sweetheart of mine

Go back to the bar down the street dear  
And stay with your honky tonk kind  
Go back to the life you've been livin'  
You're no longer a sweetheart of mine

Go back to the bar down the street dear  
And stay with your honky tonk kind  
Go back to the life you've been livin'  
You're no longer a sweetheart of mine  
You're no longer a sweetheart of mine  
You're no longer a sweetheart of mine
