

## Donna Means Heartbreak

Gene Pitney

Don't mention Donna  
When I'm around  
When I hear her name  
The world just turns upside down

To others Donna mean beauty  
Donna means heaven  
Donna means ecstasy  
But Donna means heartbreak to me

I still remember  
Her soft caress  
The touch of her lips  
And the warmth of her tenderness

To others Donna mean beauty  
Donna means heaven  
Donna means ecstasy  
But Donna means heartbreak to me

She ran around  
Like there was no tomorrow  
And every boy in town  
Knew the thrill of Donna's kiss  
And all the time I thought she was mine  
She belonged to everyone, everyone, every, every, everyone

To others Donna means beauty  
Donna means heaven  
Donna means ecstasy  
But Donna means heartbreak to me  
Yeah Donna means heartbreak to me
