

# Louisiana Mama

Gene Pitney

She's my red hot Louisiana mama  
From a town called New Orleans  
Golden hair and eyes of blue  
My real live Dixie queen  
My Louisiana mama from New Orleans

She lives down on the bayou  
When she's really wild as can be  
My heart longs to be there  
So that once again I can see  
My Louisiana mama from New Orleans

I met her at the Mardi Gras  
On a warm and bright sunny day  
I had to leave her standing there  
But I'm going back to stay So if you ever go down the south my  
friend

To see what you can find  
Remember when you get there  
She's mine all mine all mine  
My Louisiana mama from New Orleans

She lives down on the bayou  
When she's really wild as can be  
My heart longs to be there  
So that once again I can see  
My Louisiana mama from New Orleans

I met her at the Mardi Gras  
On a warm and bright sunny day  
I had to leave her standing there  
But I'm going back to stay

So if you ever go down the south my friend  
To see what you can find  
Remember when you get there  
She's mine all mine all mine  
My Louisiana mama from New Orleans
