Stronger than a magic spell My Love for you is Wider than the widest sea (How long?) Longer than a memory (How sweet?) Sweeter than a honey tree My love for you ohho my love for you Give me your heart of gold Your heavenly magic touch To cherish have and hold I need your love so much (Say that you love me Say those pretty words And I will give my love to you) My love is warmer than day in spring (How bright?) Brighter than a diamond ring (How great?) Greater than a mighty Thing My love for you Is taller than the tallest tree (How soft?) Softer than the summer breeze Oh I ask you please to give Your love, your love, sweet love to me (How deep?) Deeper than a wishing well (How strong?) Stronger than a magic spell (How great?) Greater than a mighty Thing (How deep?) Deeper than a wishing well...
