Town Without Pity

Gene Pitney

When you're young and so in love as we And bewildered by the world we see Why do people hurt us so Only those in love would know What a town without pity can do

If we stop to gaze upon a star People talk about how bad we are Ours is not an easy age We're like tigers in a cage What a town without pity can do

The young have problems, many problems
We need an understanding heart
Why don't they help us, try and help us
Before this clay and granite planet falls apart
Take these eager lips and hold me fast
I'm afraid this kind of joy can't last

How can we keep love alive How can anything survive When these little minds tear you in two What a town without pity can do

How can we keep love alive How can anything survive When these little minds tear you in two What a town without pity can do

No, it isn't very pretty what a town without pity
