

I Can't Believe You Wanna Leave

Gene Vincent

I can't believe you wanna leave
See, I'm down beendin' knees
You think of all the fun we had
Then of all the love we shared

You think of all the fun we had
Then of all the love we shared
Now, you say you wanna leave

I can't believe you wanna leave

You think of all the fun we had
And of all the love we shared
Now, you say you wanna leave
I can't believe you wanna leave
