

Rollin' Danny

Gene Vincent

Everybody's talkin' about workin' Danny
Nobody's talkin' about rollin' Danny
Everybody's talkin' about workin' Danny
Nobody's talkin' about rollin' Danny
Rollin' Danny, he was a rollin' man, man, man, man
Well, Dan walked into the old dance hall
Told the women that he loved them all
Lined six women up against the wall
Well I'm tellin' you man, this cat a-fooled them all
Rollin' Danny, he was a rollin' man, man, man, man
(Rock!)

Well, Dan walked up to these six cats on the wall
Said, oh man, you better talk
You love your woman and you love her right
Well I'm tellin' you man, you are in for a fight
Rollin' Danny, he was a rollin' man, man, man, man
