

Rose In The Sand

Gene Watson

Your beauty's like a rainbow that God made with his hands
Your love's the answer to the prayers of, once, a loveless man
Lady, you're a ray of hope on the darkest night
You were such a welcome sight to lost and lonely eyes
Like a rose in the sand
A lighthouse on the stormy sea reaching out a hand
You're a special lady to an ordinary man
Like a rose in the sand
Your satin skin is pleasing for calloused hands to touch
Your eyes do all the talkin' when the words don't say enough
And when the road is rocky and life is hard to bear
I make it through the longest day jusy knowin' you were there
Like a rose in the sand
A lighthouse on the stormy sea reaching out a hand
You're a special lady to an ordinary man
Like a rose in the sand
Like a rose in the sand
A lighthouse on the stormy sea reaching out a hand
You're a special lady to an ordinary man
Like a rose in the sand
