

You Sure Make Cheatin' Seem Easy

Gene Watson

You caught me when my arms were empty
And my better judgment was gone
We're makin' sweet music together
But I should be dancin' at home

You sure make cheatin' seem easy
You've got a way of makin' wrong seem right
You sure make cheatin' seem easy
And I'm takin' it easy tonight

My conscience just took a vacation
'Cause my heart was beating in chains
We're both a mister and misses
But we've got two different last names

You sure make cheatin' seem easy
You've got a way of makin' wrong seem right
You sure make cheatin' seem easy
And I'm takin' it easy tonight
And I'm takin' it easy tonight
