

# Cry On Your Own Shoulder

General Public

Don't you think that you've already done enough?  
Doesn't your mouth ever stop  
Soft focusing on what you insist on calling love?  
Well I hope it comes along to shut you up

It's a sad but natural fact  
There's something deep inside  
That stays lonely forever  
It's a sad but lonely fact  
It all comes right in time  
Don't cry on your own shoulder  
Cry on your own shoulder  
Cry on your own shoulder

Don't fight it's just a feeling like the rest  
Tell me what else had you expected  
A less array of wide and ever opening doors?  
Hah!  
You take that much that you can take no more

Now it's a sad but natural fact  
There's something deep inside  
That stays lonely forever  
It's a sad but natural fact  
It's just a waste of time  
Don't cry on, don't cry on, don't cry on  
Cry on your own shoulder  
Cry on your own shoulder  
Cry on your own shoulder

Couldn't even lie straight in your bed  
Reach out for yet another, another cigarette  
Oh help me to forget  
The sting of remembering things  
Was that the dreadful sirens call?  
Get up and watch the buildings start to fall  
Look if we don't set our minds  
To try and save this pretty world  
Soon there won't be anything left

Don't you think that you've already done enough?  
Stop soft focusing on what you insist on calling love  
Well I hope it comes along to shut you up  
To shut you up, shut you up, just to shut you up

Look it's a sad but natural fact  
Natural fact, natural fact  
There's something deep inside  
That stays lonely forever  
It's a sad but natural fact  
It's a pantomime  
Don't cry on, don't cry on, don't cry on  
Cry on your own shoulder  
Cry on your own shoulder  
Don't cry on your own shoulder
