

## Heavens Inside

### Generation X

He came down like a star tonight  
He's in love with his lonely life  
To pick up girls he's a switchblade knife  
He don't nothin' but he takes it alright

Heavens inside somewhere  
Heavens inside somewhere  
Heavens inside somewhere  
Let it out  
Let it out  
Let it out

Will he meet it dead on time  
Will he meet it dead at all  
With his Skeleton & his uppers tonite  
Someone works it out

Heavens inside somewhere  
Heavens inside somewhere  
Heavens inside somewhere  
Let it out  
Let it out  
Let it out

He's lost the will to win or lose  
But he'll never give up the right to choose  
Most play to win they ain't human beings  
Don't even get the brains to begin

Heavens inside somewhere  
Heavens inside somewhere  
Heavens inside somewhere  
Let it out  
Let it out  
Let it out

Heavens inside somewhere  
Heavens inside somewhere  
Heavens inside somewhere  
Let it out  
Let it out  
Let it out
