## **Kiss Me Deadly**

**Generation X** 

The greyhound's rocking out tonight To maximum rockabilly When two punks chose to risk the subway For a tube to Picadilly And the Zephrys stir fast gangs for glory Another dumb casualty Having fun In South West six When a hidden flick knife flicks Kiss me deadly tonight

Another battle was won and lost Down The Bishops End last night Spotlights pick the kids in triumph With a thousand scarves in flight, see how they run Spring from the terraces in black and white Young and old into the fight Having fun In South West six With violence for a fix Kiss me deadly tonight

Seven o'clock they stand in rank For the thirty bus uptown And later in a downstairs room She pulls her lover down In ecstacy but they can't make a sound Case her mother might come down Having fun In South West six Discovers teenage sex Kiss me deadly tonight

The snooker hall is empty Cos they're all out playing pool Hustling down the Fulham Road Doing deals with Mr.Cool They're on the waterfront now instead of school Too old now to dig pinball Having fun In South West six Having fun When a hidden flick knife flicks With violence for a fix Discovers teenage sex Tried shooting up for kicks Kiss me deadly Kiss me deadly Kiss me deadly Kiss me Kiss me tonight
