

# Revenge

## Generation X

Suzie came to London, to have her fortune told.  
Now she is a mother, she's feeling kinda old.  
When she gets the money, she'll take a knife for two.  
She'll slit her throat of the one she trusts,  
Of the one who stole the right to choose.

Revenge!  
Revenge!

Johnny came out looking, looking for his friends  
Back at home there was no chance, he took what she could get.  
See, Johnny had a vision, that men would know his name.  
But they sucked him in and spat him out,  
You know there all the same.

Revenge!  
Revenge!  
That's what they want.

So as I get older, I looked deep in their eyes.  
Now I've learned to tell, when I'm wasting time.  
'Cause they won't give you nothing, they like to see you fall.  
Well 1 day I'm gonna walk through the door,  
I'm gonna, take it all!

'Cause that's revenge!  
Revenge!  
That's what they want.

Revenge!  
Revenge!
