

# Your Generation

## Generation X

Trying to forget your generation  
You know all the ways when in what I see  
The ends must justify the means  
Your generation don't mean a thing to me  
I say your generation don't mean a thing to me  
I say your generation don't mean a thing to me

Might take a bit of violence  
But violence ain't our only stance  
Might make our friends enemies  
But we gotta take that chance  
There ain't no time for substitutes  
There ain't no time for idle threats  
Actions are rather hard to place  
Cause what you give is what you get

So that's your generation  
It's your generation  
Well it's your generation  
It's your generation

Trying to forget your generation  
You know all the ways when in what I see  
The ends must justify the means  
Your generation don't mean a thing to me  
I say your generation don't mean a thing to me  
I say your generation don't mean a thing to me

Might take a bit of violence  
But violence ain't our only stance  
Might make our friends enemies  
But we gotta take that chance  
There ain't no time for substitutes  
There ain't no time for idle threats  
Actions are rather hard to place  
Cause what you give is what you get

So that's your generation  
It's your generation  
Well it's your generation  
It's your generation

To the end  
Justify the means  
To the end  
Justify the means  
To the end  
Justify the means  
To the end  
Justify the means  
It time for generation
