

## Yours Forever

### Generational

You're in my heart, you're in my heart  
Anyone will tell you, I'll be yours forever  
You're in my heart, you're in my heart  
Anyone will tell you, we belong together

It's all you really want  
And I think you know it too  
You got that look in your eye  
Not for a second surprised

It's all you really want  
And all I, and all I really want is you  
You got a ghost in your life  
Not for a second surprised, are you

You're in my heart, you're in my heart  
Anyone will tell you, I'll be yours forever  
You're in my heart, you're in my heart  
Anyone will tell you, we belong together
