

## Lecher Bitch

Genitorturers

I am the Lecher bitch and I wear the X of castigation  
I am the heretic and I crave your excommunication  
I am the whore of the extreme  
Look in my eyes  
Get a little star struck and a little insane  
Tell me your story. Don't worry, I won't care  
Got a mission impossible  
'cause I'm the incomparable

(Chorus)

Just say that you love me  
I say HEY! You're coming all the way  
I've got some hell to pay  
I'm diggin' all the way  
I say HEY! You're coming all the way  
All the way down  
I've got some hell to pay  
Gonna rape you every way  
On the way down

Again

Well I am the Lecher Bitch and I call on all who feed on danger  
Crawl with the heretic and the world outside gets a little bit  
stranger  
Taste of the whore suffer my seed  
Look in my eyes  
Wanna little star fuck and a little good pain  
Tell me your story. Don't worry, I've been there  
Crown me your savior  
Don't worry I'll be there

Don't belong lording above me

(Chorus)

Won't be hard to pull you underground

It won't be long till ya love me  
To break it down  
Then I'll be coming at your back  
(Chorus)

Crossed your heart but still I lied  
Stick this needle down inside  
Like an animal Leave you with an open wound  
Left to die alone
