

Curtain Call

Genuflect

It's been a long time coming- Now it's come down to this
So follow through- Follow suit- Fall into the abyss
This is your TV talking- "Keep popping pills and shopping"
It's gonna be fine, you're gonna be fine, it's just your heart stopping
Turn on the radio- Audio ads, it's all the same-
"Are you medicated yet? Are you heavily sedated?" (Bated)
It's gonna be alright- Just don't forget to bow,
It's gonna be fine, you're gonna be fine-
Just keep your head down

And pay no mind to the man behind the curtain
Making certain that you sleep-
Making certain that your weak-
Iron curtain
Pay no mind to the man behind the curtain
Making certain you don't dream-
Making certain you don't scream, "Iron curtain!"

Couple hundred billion laundered from the poor to the rich
They got one eye on the prize, the others fixed on the switch
They need their day spas- They need their private jets
They need their oil, send the poor out for more- certain death
Double standards- Double barrel- Parchment barrel for waste
It's hard to stop drinking blood after you've taken a taste
It's gonna be alright- Just turn your cheek and bow
It's gonna be fine, you're gonna be fine-
Just keep your head down

And pay no mind to the man behind the curtain
Making certain that you sleep-
Making certain that your weak-
Iron curtain
Pay no mind to the man behind the curtain
Making certain you don't dream-
Making certain you don't scream, "Iron curtain!"

Put up a wall- We all are falling for the curtain call
Put up a wall- We all are falling for the curtain call
Put up a wall- We all are falling for the curtain call
Put up a wall- We all are falling for the curtain call

You're no better- You're no better-
You're no better than anybody else!
You know better? You know better? You know better?
Burn this bridge down!
You're no better- You know you're no better
You know you're no better than anybody else
So you know better- You think you know better-
You know you're no better-
Burn this bridge down!

Pay no mind to the man behind the curtain
Making certain that you sleep-
Making certain that your weak-
Iron curtain
Pay no mind to the man behind the curtain
Making certain you don't dream-

Making certain you don't scream "Iron curtain!"
