

I Found Love

Geoff Moore

Steven Van Zandt/Maria McKee

I John 4:7-10

Well I was minding my business like a good boy should
A little too careful for my own good
It was just like living life in the dark
But then something jumped up and it grabbed my heart

Chorus

And I found love
I found love
I found real love
I found love

The beginning and end of every wish
Is balanced in the center of a vision like this
Maybe my emotions are inclined
To surrender to the notion of a glorious kind

Chorus

On touch, souls speak
The power's go me and it won't let me be
It's too much, this heat
I want to laugh, cry, jump for joy, shout and scream
Yeah, yeah, yeah, yeah, yeah

At the end of every tunnel there's a shining light
In the eye of every storm there's a quiet night
My joy was hidden in my dreams
I didn't know that it was there until You set me free

Repeat Chorus
