I Found Love

Geoff Moore

Steven Van Zandt/Maria McKee I John 4:7-10 Well I was minding my business like a good boy should A little too careful for my own good It was just like living life in the dark But then something jumped up and it grabbed my heart Chorus And I found love I found love I found real love I found love The beginning and end of every wish Is balanced in the center of a vision like this Maybe my emotions are inclined To surrender to the notion of a glorious kind Chorus On touch, souls speak The power's go me and it won't let me be It's too much, this heat I want to laugh, cry, jump for joy, shout and scream Yeah, yeah, yeah, yeah, yeah At the end of every tunnel there's a shining light In the eye of every storm there's a quiet night

I didn't know that it was there until You set me free

My joy was hidden in my dreams

Repeat Chorus
