

# Simple Heart

Geoff Moore

A simple man of simple dreams  
He built His life on ordinary things  
Worked the land as if it were His friend  
His words live within me to the end

Give more than you have taken  
Love most the ones forsaken

Simple heartbeat in me until I can see  
A simple heart will set me free to let extraordinary things  
Flow through this ordinary heart of simplicity

It was a simple thing for a boy like me  
To pray a prayer and then believe  
Those were simple times, how times change  
Boys grow up and life complicates

I am older but am I wiser?  
Has my simple heart grown colder?

Oh, simple heartbeat in me until I can see  
A simple heart will set me free to let extraordinary things  
Flow through this ordinary heart of simplicity

He was a simple man of simple means  
The simple truth is that He was the king  
He leads us down the narrow way  
That is only seen with a child's faith

Simple heartbeat in me until I can see  
A simple heart will set me free to let extraordinary things  
Flow through this ordinary heart

Oh, simple heartbeat in me until I can see  
A simple heart will set me free to let extraordinary things  
Flow through this ordinary heart of simplicity  
Let it flow through me, oh
