Fly Away Little Paraquayo

George Baker Selection

They come in white boats many years ago They gave you presents and promised you a lot But they lock you on a chain Put you in a mine And a sad word for the glory of our time

Fly away little Paraguayo Spread your wings out to the sky Fly away little Paraguayo 'Cause the white men's on the ride

And your body is so hungry And your mind is filled with fear Fly away little Paraguayo 'Cause the soldiers soon be here

They said you're just an indian Not better than a beast Only good for working like a slave

And so you're sweat and run 'Til the day is done While you know you could be better in your brain

Fly away little Paraguayo Spread your wings out to the sky Fly away little Paraguayo 'Cause the white men's on the ride

And your body is so hungry And your mind is filled with fear Fly away little Paraguayo 'Cause the soldiers soon be here

Fly away little Paraguayo Spread your wings out to the sky Fly away little Paraguayo 'Cause the white men's on the ride

And your body is so hungry And your mind is filled with fear Fly away little Paraguayo 'Cause the soldiers soon be here
